Hi John/Annie – Attached to this email is the updated FY15 excel sheet. This includes Gina's table below and I managed to get Maureen and Sue to update task 133 **Deliberative Process / Ex. 5** **Deliberative Process / Ex. 5** (see description below).

Deliberative Process / Ex. 5

Thanks!

Another consideration is that Gina's proposal further emphasizes scoping and problem formulation which helps to emphasize our commitment to stakeholder engagement.

Subject: FW: Quick Confirmation - HHRA Stuff
Importance: High

Hi all – Jumping in – IN GREEN.

Sam and I went through these in detail, including scheduling and feasibility.
The numbers in the Table below can be considered FINAL (for now ☺)

QUESTION/NEED: Is it possible to alter the text for 111 to include Scoping and problem formulation (or just add a new Task – 110)? Problem is, for new starts, we no longer go right to LS/ET – we have to go through a SC/PF step that involves a formal meeting. So...1) we have to count those somewhere now, and 2) depending on how the PF meetings go (and when they are, it could take a while to get the LS/ET done (I don't think we really know how long because we have not yet done it for Napth and Ethylb). Maybe just add a new Task? 110? I don't know what kind of flexibility we have here.

They seem high to me. I would need to think about this a little bit. When do you need it?

- Hi Samantha – I know you are busy so I'll keep this short. Are you ok with the descriptions for the 4 tasks below? I talked with Vince and these are the numbers he gave me. As the task lead, I need to check with you to see if the descriptions in red are accurate. More specifically, the numbers in red...(they seem high to me...).
